is the next step

after **Hockey 4?**

TAKING THE NEXT STEP

Skaters who are enrolled in the Hockey 3 or 4 programs have the option to participate in the Hockey Skills class and/or the Yellowjacket's Development Program (YDP).

Hockey Skills

The Hockey Skills Classes are offered through the Crystal Ice House on Wednesday evenings and Sunday mornings. Please refer to Hockey Skating lessons for specific dates and times.

YELLOWJACKETS DEVELOPMENTAL PROGRAM (YDP Program):

The Yellowjacket Development Program (YDP) is the basis for Yellowjackets hockey and, as such all Yellowjacket players must take part in the program. The developmental program will be made up of players of the same age divisions. All instructional sessions are run by Yellowjacket Hockey Coaches and are designed to complement the needs of each level. Each session will focus on the objectives recommended by USA Hockey's American Developmental Model as appropriate for that specific level of hockey. The program will consist of approximately 70% skill development and 30% competition specific training.
